

- ① Thermostat
- ② Power supply conduit
- ③ Floor sensor conduit (diameter 16mm Max)
- ④ Stone floor or others (wood...)
- ⑤ Glue
- ⑥ Floor sensor
- ⑦ Cement
- ⑧ Water pipes
- ⑨ Water pipes fixation
- ⑩ Insulation
- ⑪ Insulation
- ⑫ Concrete

Floor sensor electrical conduit must be sealed:  
 To protect the thermostat against hot air currents.  
 To allow the replacement of the floor sensor.
